About our Institution

Our R.M.D. Engineering College was established in the year 2001 by our Founder Chairman Shri. R.S. Munirathinam, has become an excellent institution over the past 23 years. The College offers five undergraduate engineering and technology programs: CSE, ECE, IT, CSBS, AIML, and five PhD programs. All programs are AICTE-approved and affiliated to Anna University, Chennai. The eligible undergraduate programs are accredited by the NBA, and the institution is accredited by NAAC. The College has been conferred Autonomous Status by the UGC from the Academic Year 2020-21 for 10 years. The College has an extensive Industry-Institute Partnership with 14 Centers of Excellence (CoE) featuring industry-sponsored laboratories for domain-specific training and provided with Industry contributed curriculum to meet the industry requirements. Maintaining a remarkable placement record of over 85% for the past ten years, the College has a motivated team of highly competent, committed, and experienced faculty members, 60% of whom hold doctorates.

About our ECE Department

The Department of Electronics and Communication Engineering (ECE) was established in the year 2001 with the aim of providing inclusive technology education to students. The department of electronics and communication engineering has well qualified and experienced faculty members to enrich the students community with dynamic learning in the field and our department is sanctioned with an intake of 180 students and it offers subjects relevant to the current and future skilled manpower demands in industry. Our department is facilitated with smart classrooms, Interactive TV for effective student engagement and seamless wi-fi connectivity to enhance classroom collaboration with exclusive AI powered learning environment.

The department has a close networking relationship with professional bodies such as AICTE, IETE, ISTE, IEEE, IEI, DST and experts from leading Industries & Institutions to excel their knowledge to our department students in the various emerging fields of electronics and communication engineering. The department is accredited by the National Board of Accreditation (NBA) and certified by ISO 9001:2015.

ABOUT THE CONFERENCE

NETCOMM: Where Ideas Connect, Innovations Ignite, and Communication Transforms. Join us at the forefront of networking and communication technology conference to explore the new frontiers, cultivate meaningful connections, and shape the future.

This conference may Forge meaningful connections, exchange ideas, and chart the course for the future of networking and communication. From groundbreaking research to practical applications, from theoretical frameworks to real-world solutions, this conference is your gateway to a world of endless possibilities.

CALL FOR PAPERS

Topics of Interest for paper submission include, but not limited to the following:

- **Wireless Communication and Networking**
- **High Speed Communication**
- **5G /6G Technologies**
- **Software Defined Networking and Network Function Virtualization**
- **Network Security**
- **Signal Processing**
- **VLSI - Nano Electronics**
- **Internet of Things and its Applications**
- **Satellite Communication**
- **Optical Communication and Networks**

Authors are requested to submit the paper in IEEE format, double column with single line spacing not exceeding 6 pages in MS word (.docx) format
